Nowadays, more and more governments take the economic improvement to the most important place, it is reasonable and genuinely help a lot. But some people think that the other types of improvement in our society is equivalent necessary likewise. For instance, human healthy, environment, entertainment and so on.

In terms of aim to the economy, It is certainly a important part of a country. The other types of progress couldn't practice well if a country's economy doesn't strong enough, it is a basis of anything else. Besides, in certain case, the advance of economy could help the other aspects of society. For instance, academy, healthy, and environment is poor in Africa as its economy is unlikely well and the all aspects of progress in America is not too bad as its flourished economy.

On the another hand, however, the others aspects of progress going to be important if a country already had a powerful economy. The civilians rather demand more satisfaction for their livelihood, entertainment, or ideology than a dominant country, otherwise the economy couldn't growing fast. For an average, if he had progressive competence in their work depending on what kind of live they're living.

In conculsion, my outlook is that whether the economic progress need to be the first goal of government is based on the economy condition of the country. For the developed countries, all aspects of the progress of society are important equally. And vice versa, poor countries need to put the economic progress to their first place.

## 3、老师批改

Nowadays, more and more governments **take the economic improvement to the most important place** (表达不当，一般会place the economic improvement to the most important place或者take the economic improvement as the most important goal/achievement) ,(并列句缺少连词加上and) it is reasonable and genuinely **help** (helps主谓不一致) a lot. But some people think that the other types of improvement in our society **is** (are主谓不一致) equivalent necessary likewise. (后面举例的部分不是完整的句子不能使用句号，需要改成逗号) For instance, human **healthy** (使用名词health) , environment, entertainment and so on. (最好在最后一句可以表达自己的观点，直接回答题目的问题)

In terms of (加上冠词) aim to the economy, It is certainly **a** (an) important part of a country (可以把中心句表达的更明确一些，**On the one hand, Economic growth should be prioritized in undeveloped nations before developing in other progress in order to generate a bunch of incomes.** ) The other types of progress **couldn't**(学术写作中没有缩写形式换成could not) practice well if a country's economy **doesn't** (does not) strong enough, (加上连词because) it is a basis of anything else. Besides, in certain **case** (使用复数cases) , the advance of economy could help the other aspects of society. For instance, academy, healthy, and environment is poor in Africa as its economy is unlikely well (表达不准确应该是is unlikely to be well developed) **and**(和前一局的逻辑应该是转折，对比吧，and使用不合适换成whereas) the all aspects of progress in America is not too bad as its flourished economy. (可以参考一下语言上的修改**On the one hand, Economic growth should be prioritized in undeveloped nations before developing in other progress in order to generate a bunch of incomes, which allows authorities to fulfill the population's primary needs such as food, security , accommodations and clothing and also improve other sections. In addition, the government could utilize this money on developing facilities which lead to enhancing the quality of individuals' life and bring prosperity to their region. For instance, Individuals in some poor countries ,which firstly improved their economy, gained a better lifestyle and welfare compared with somewhere the government invested in other sections)**

On the **another** (应该是other) hand, **however** (和on the other hand一样的意思选择一个就好了) , the others aspects of progress (缺少are) going to be important if a country already had a powerful economy. The civilians rather demand more satisfaction for their livelihood, entertainment, or ideology than a dominant country, otherwise the economy **couldn't** (could not) **growing** (使用grow) fast. For an average, if he had progressive competence in their work depending on what kind of **live** (应该是life) **they're** (they are) living (只有if引导词的从句，缺少主句) (本段的中心应该是要说明除了经济之外，还有很多的方面需要给予一定的发展那么合理的思路应该更具体的说明应该发展什么方面，以及发展这些方面的意义是什么，本段的内容稍微有一些空的，加上后面句子表达不完整的问题导致观点有效性下降。可以参考**On the other hand, Education's curriculum and system in both school and university should be prioritised in developed and developing nations since the primary demands are not the most crucial for them anymore. Thus, nations can achieve their purpose easily due to an incline of effectively educated people. Furthermore, Investing in new technological innovations affects individuals in a positive development such as living far more comfortably and easily.)**

In **conculsion** (conclusion拼写错误), my outlook is that whether the economic progress **need** (needs主谓不一致) to be the first goal of government is based on the economy condition of the country. For the developed countries, all aspects of the progress of society are important equally. And vice versa, poor countries need to put the economic progress to their first place.

## 4、批改反馈

· 写作任务回应

文章的结构比较清楚完整。在开头段的最后一句建议加上自己的观点。正文部分的分段清楚，一段讨论题目的一个观点也是比较合理的。文章的大部分观点合理切题，但是部分观点因为论证内容的因素说服力不足。

· 连贯与衔接

段落之间能够使用一定的连接词，但是个别使用重复。基本能够展现一个相对清楚的论证结构虽然个别中心句表达的不够明确切题。部分观点尤其是第三段的内容会稍微有些抽象不具体，需要加入更细节的说明，可以增加说服力。

· 词汇与语法

词汇方面，能够使用个别的学术词汇和搭配但是整体上比较有限。会有名词单复数形式使用不准确的情况，需要注意没有缩写形式。语法方面，会有个别的句子表达不准确或者成分残缺。主谓不一致的问题也会出现。

· 提升建议

文章的结构比较清楚。需要在论证的内容上多注意，越具体的话说服力越强。中心句是概括段落大意的需要表达的清楚并且切题。语言的准确度需要提高，注意表达完整准确，检查句子成分和主谓一致的问题。
